### Step 1 Wedding Venue Booking & Wedding Plan with Wedding Planner

We are agents for many venues in Phuket and in most cases, your venue and wedding can be booked directly with us - to save time and save on bank charges. Please, can you confirm your venue choice and dates? We will reconfirm availability and rates and advise you accordingly.

If you have booked the venue directly already – great, we then move to the next step.

Villa booking - the villas normally asked for a 50% deposit to book and confirm.

Wedding Planner - we asked for a 20% deposit of the current **Wedding Spreadsheet** balance.

Your wedding spreadsheet a living document and it can change all the way to your wedding day. This is a summary of your wedding plan with cost and we never change your Wedding Spreadsheet without your email consent.

Both deposits can be paid direct to us (if required) and we take care of all the bookings. Our cancellation policy and other important information are here at this link: <https://uniquephuket.com/wedding-planners-phuket/>.
